

Items List

Inclined Planes & Conservation of Energy

This box should contain only 8 items (not counting the individual hanging masses). Please make sure that they are all back in here at the end of the lab:

1. One dynamic cart with an attached string
2. Two metallic bars to place over the dynamic cart
3. Dynamic cart track to get and return later to the shelf at the front of the room
4. A Pasco smart pulley
5. Pulley Clamp
6. 2 Wooden blocks to prop the dynamic cart
7. A set of hanging masses – hook type (from 50 g to 1000 g – 9 total)
